

Where to find the right treatments for your skin?

Research the clinic

Ask yourself, can they deliver to my expectations

Research the practitioner

Ask what level of training have they done in the past 24 months

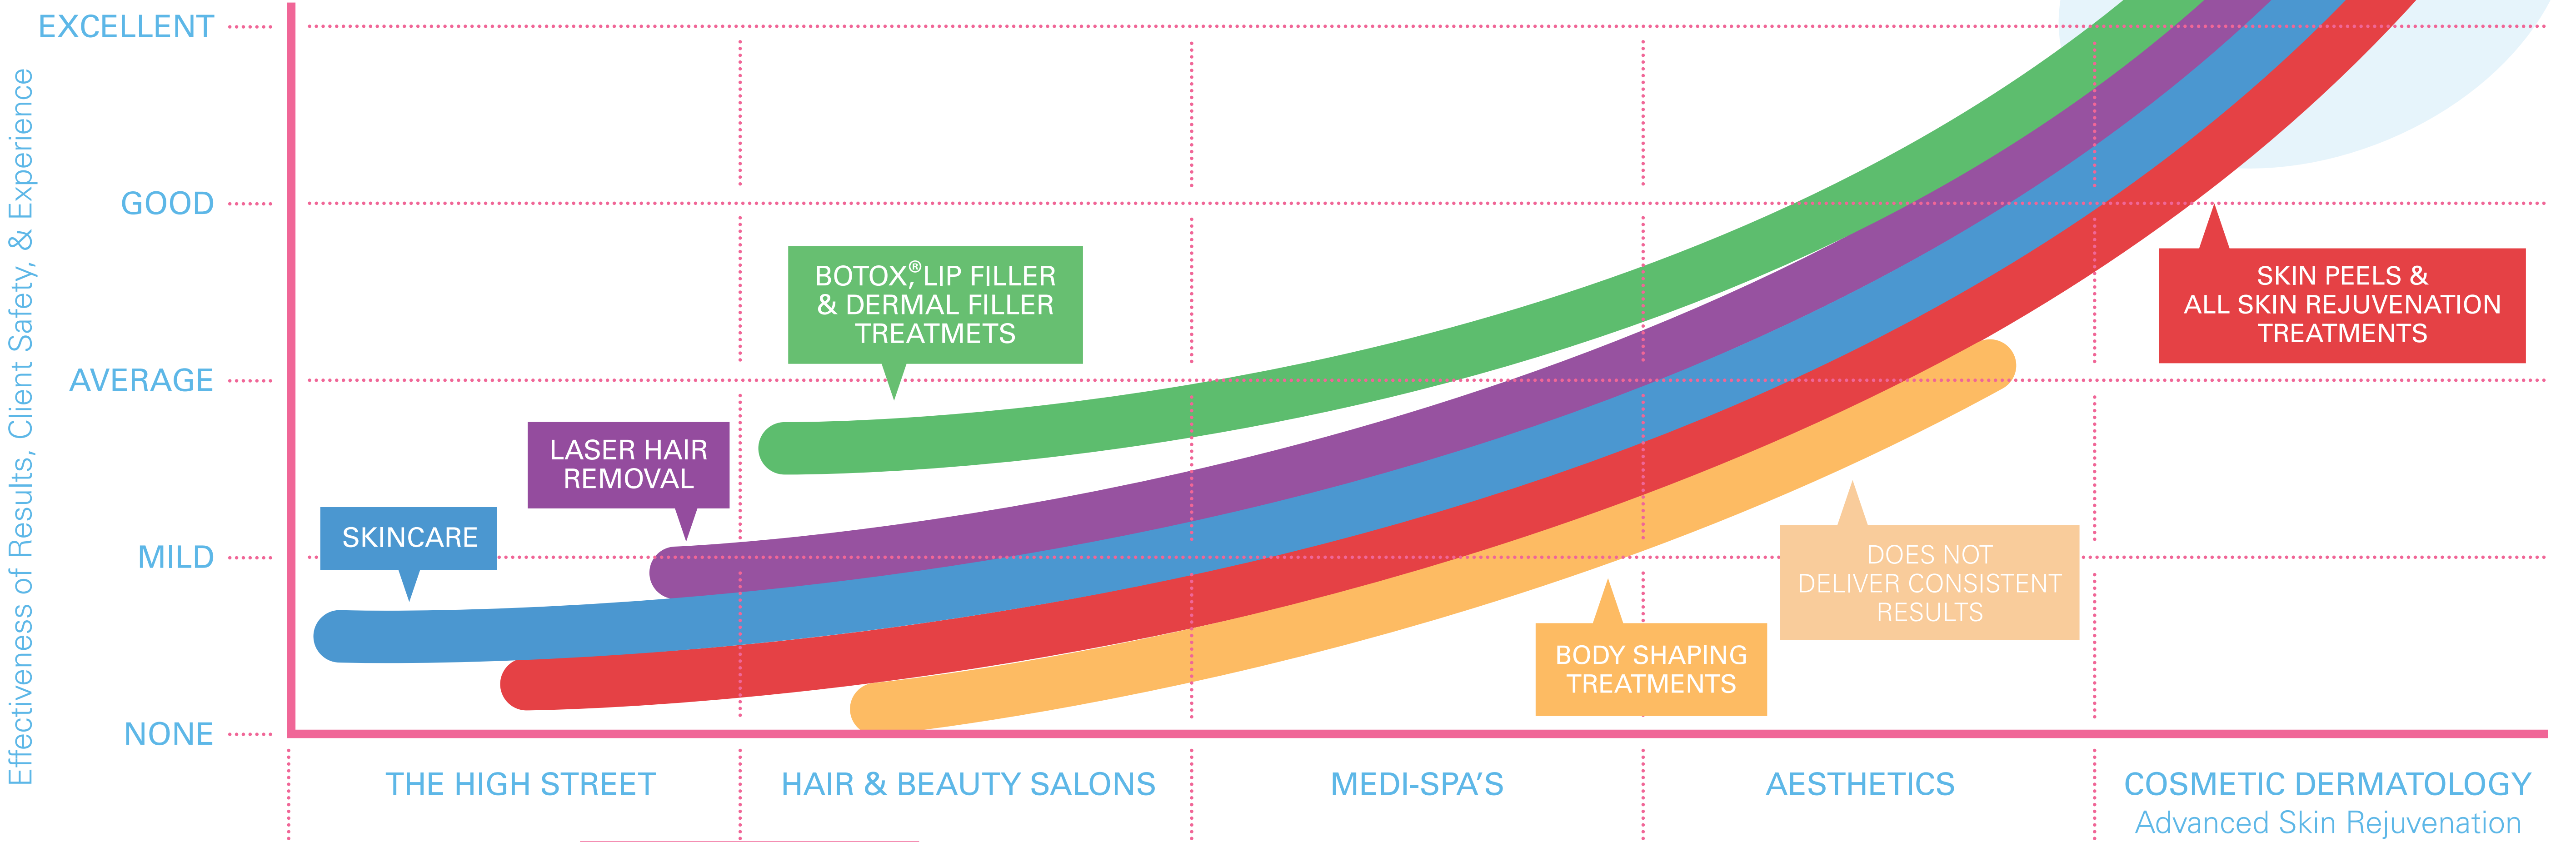

Research the recommended treatments, technologies & products

Ask to see real case studies of their work

Surface is a pioneering clinic concept committed to delivering the very best world-class evidenced-based treatments

Passionate, Knowledgeable, and Dedicated to achieving Excellence.

Stop! Think

My Skin

Challenge the products on your dressing table. What are they actually doing for your skin?

As cheap and good as it may sound the treatments here are **not the same...**

- Think about the risks and complications of Injectables treatments
- The level of experience and training in Lasers
- Botched up treatments can be difficult to correct
- False expectations of treatments
- Cheap Chinese imported technology
- Aggressive selling
- Cheap Groupon and Wowcher treatments

...as here - Here's why?

- Trained to an advanced level
- Medical Grade Laser Hair Removal
- Skincare/treatments delivers real results
- Advanced in Facial Injectables & Fillers
- All treatments are proven to work
- Skin is rejuvenated safely
- Advanced Skin Peels
- Investment in real case studies
- Investment in continuous learning
- Risk is minimised and controlled

That's why we are a **National Award-Winning Clinic**

Based on continuous client feedback data collected from 2014 to 2017
